

Doppler Myocardial Imaging & Cardiac Deformation Teaching Course

14th Alpe Adria Cardiology Meeting & International Congress of the Croatian Cardiac Society

Doppler Myocardial Imaging & Cardiac Deformation Teaching Course

Hotel Croatia, Cavtat, Croatia, May 4th and 5th 2006.

During the 14th Alpe Adria Cardiology Meeting & International Congress of the Croatian Cardiac Society a teaching course in Doppler Myocardial Imaging & Cardiac Deformation will be held. It will present the basic principles of Doppler myocardial imaging and the possibilities of its application in clinical practice. The clinical aspect will be enhanced by case presentations. In addition to lectures, live scanning as well as off-line workstation analyses will be demonstrated. The course is intended for cardiologists, cardiology fellows and echosonographers with background knowledge in echocardiography. It is organised by the Working group on echocardiography of the Croatian Cardiac Society.

Topics:

Principles of Velocity & Deformation Imaging
Regional Velocity Imaging in Clinical Practice
Ischemia
Infarction and Reperfusion Injury
Post Systolic Deformation
Stress Echo
Deformation Patterns with Delayed Activation

Resynchronisation Therapy
Diastolic Function
The Right Ventricle
Hypertension/Athletes/Hypertrophy
Load Dependency of Deformation
Valvular Heart Disease
Congenital Heart Disease/Cardiomyopathies
2-D/3-D Strain

Speakers:

G. Sutherland (London, UK)
B. Bijmens (London, UK)
G. Di Salvo (Naples, Italy)
J. Separovic Hanzevacki (Zagreb, Croatia)

All participants will receive a certificate of attendance. The credits for Croatian participants will be assigned by the Croatian medical chamber.

The tuition fee for the two-day course is EURO 150, - / HRK 1100, - which includes attendance to lectures, coffee breaks and lunch. The course will be limited to 100 participants.

Registration for the course should be done online at: www.alpe-adria.biz.hr/dmi.aspx

Payment should be made in advance in HRK or EUR to the Croatian Cardiac Society:

HRK: direct bank payment to:

Croatian Cardiac Society

Bank account No: 2360000-1101412726/for DMI COURSE

EUR: Bank transfer to:

Croatian Cardiac Society/ for DMI COURSE
